Dear FCC:

I am writing to complain about the proposed changes to the Universal Service Fund and requesting that the FCC investigate this matter further before changing the current policy. Your proposed \$1.00 per month charge for all wireless phones will directly impact my ability to retain my wireless service.

I do not think it is fair to charge EVERYBODY \$1.00 dollar regardless of how they use their wireless phone, especially for a low-volume user that relies on wireless service for safety and security, not interstate calls. The current policy is fair, based on interstate usage, and should be left alone. Please do not penalize us. Keep this fair.

I am a nurse working in a non-profit organization making way too little. How can you rip me off even more? Please, there are still hard-working, honest people out here that don't make a lot of money and cannot afford all these increasing charges. I will probably end up just dropping my service if you do this!!! Will you make more that way? Very upset, Demetria Shupe, LVN

Thank you for your prompt attention to this matter. Please provide a written response indicating the status/resolution of this matter.

Very truly yours,

Demetria Shupe
